Law firm pairs with diabetes association

Wilson and Associates and the American Diabetes Association (ADA) are joining forces to walk all over Diabetes.

Local law firm Wilson and Associates is joining America's Walk for Diabetes 2005 Chair Governor Mike Huckabee to walk all over diabetes.

Jennifer Wilson-Harvey (CEO of Wilson & Associates) currently serves as a Board Member of the ADA Leadership Council.

The Walk promises great fun, good exercise and a chance to make a difference for the 235,000 Arkansans living with diabetes.

The firm is raising funds this month by having car washes, pie in the face and T-shirt contests and many other great things all to raise money for people in Arkansas living with diabetes.

America's Walk for Diabetes begins at Pavilion Six in Murray Park in Little Rock on April 30.

Registration and the Start Line Festival open at 8:30 a.m., followed by the walk rally at 9:15 a.m., and the walk at 9:30 a.m.

The Start Line Festival includes a Youth Zone of activities, a health and fitness fair, a light breakfast, music and fun.

The 3-mile walk begins at Murray Park's Pavilion Six, turns around near the lock and dam, and returns back to Pavilion Six.

At the finish line, celebrate with Yarnell's ice cream (sugar-free will be available).
